

# Mülltonnenbox

## Bin Box Set

### Allgemeine Hinweise / General information

- Bitte überprüfen Sie die Lieferung vor Beginn der Montage auf Vollständigkeit und einwandfreien Zustand. Bei Schäden, die während der Montage auftreten, können wir Ihnen keinen Garantieanspruch zugestehen. / Please check delivery before you start mounting. Everything has to be complete and in a faultless condition. We are not liable for damages resulting from mounting.
- Wir empfehlen die Montage mit zwei Personen durchzuführen. / Some of the assembly steps may require two people to complete.
- Achten Sie darauf, dass die Fläche, auf der Sie die Montage ausführen, die Oberflächen der Mülltonnenbox nicht zerkratzt. / Make sure that the surface on which you perform the assembly does not pose the risk of scratching the elements!
- Montieren Sie nicht bei Wind! Dieses Produkt muss im Boden verankert werden, um richtig gesichert zu sein! / Do not assemble in windy conditions! This product requires to be anchored into the ground in order to be properly secured!
- Halten Sie alle mitgelieferten Kleinteile oder Verpackungsmaterialien von kleinen Kindern fern. Bauteile haben scharfe Kanten oder ragen heraus, achten Sie beim Zusammenbau und im Gebrauch darauf. / Keep all supplied small parts or packaging materials away from small children. Components have sharp edges or protrude, pay attention to them during assembly and during daily use.
- Vergewissern Sie sich, dass Sie alle notwendigen Werkzeuge haben, bevor Sie mit der Montage beginnen! Achten Sie auf die Symbole, die anzeigen, welches Werkzeug Sie bei jedem Schritt verwenden müssen. / Make sure that you have all the necessary tools before you start the assembly! Look for symbols representing which tool to use in each step.

### Benötigte Werkzeuge / Required tools

# Bestandteile des Startersets / Starter set components

# Bestandteile des Erweiterungssets / Extension set components

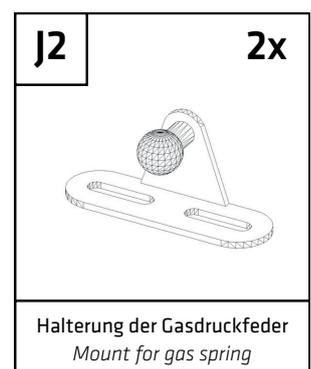

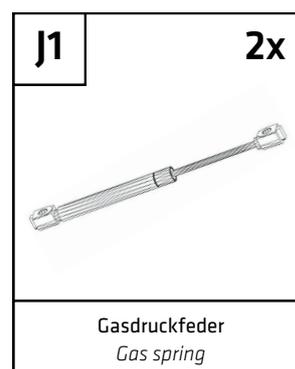

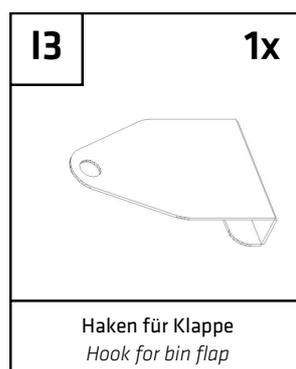

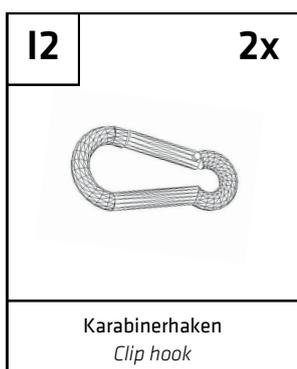

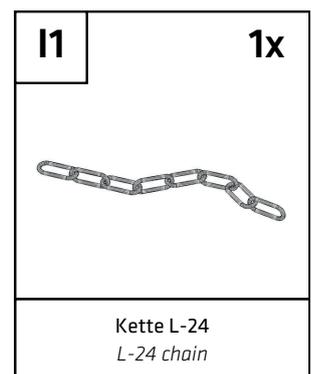

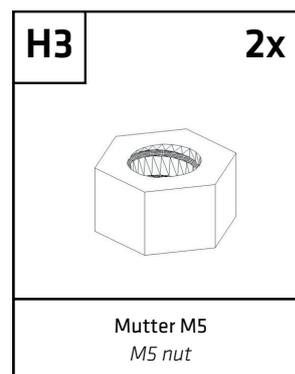

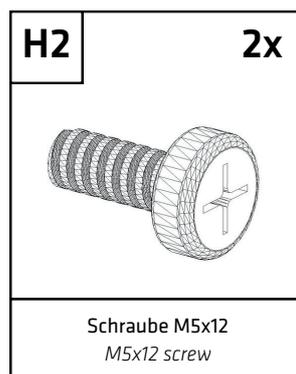

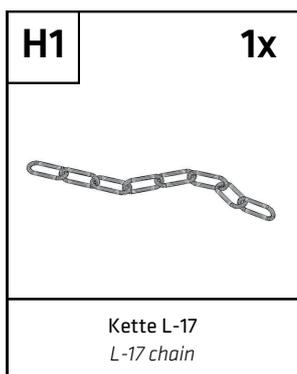

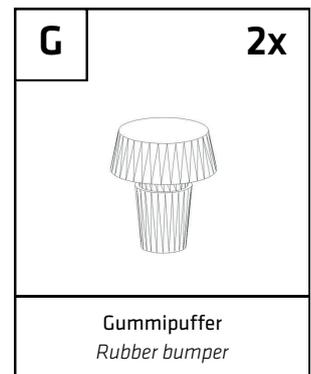

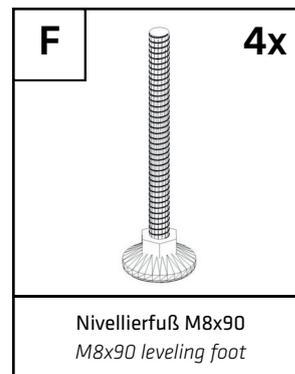

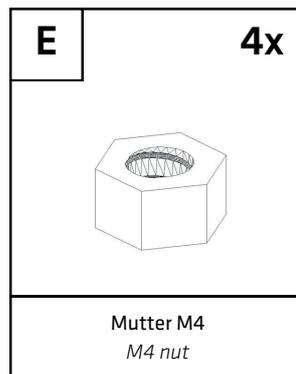

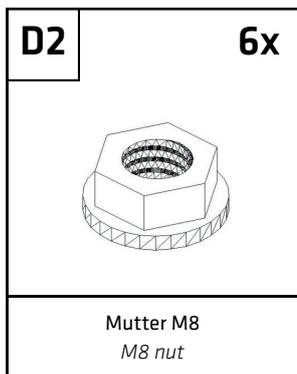

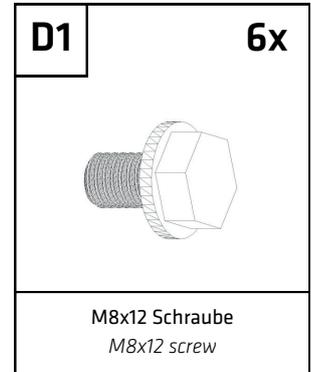

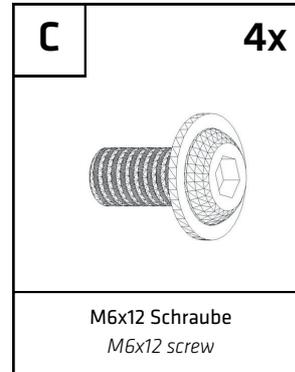

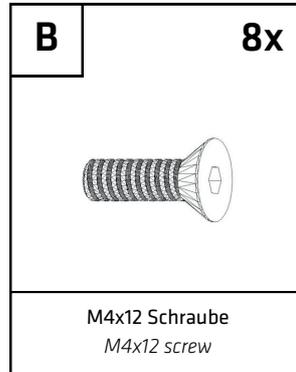

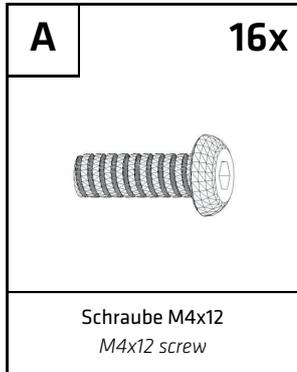

**!**  
Schritte 6 bis 10  
der Anleitung  
Steps 6 to 10 of  
the instructions

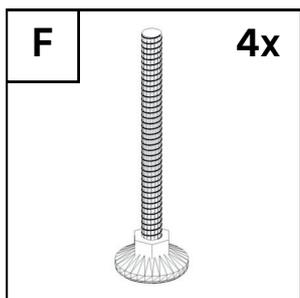

## Zubehör / Accessories

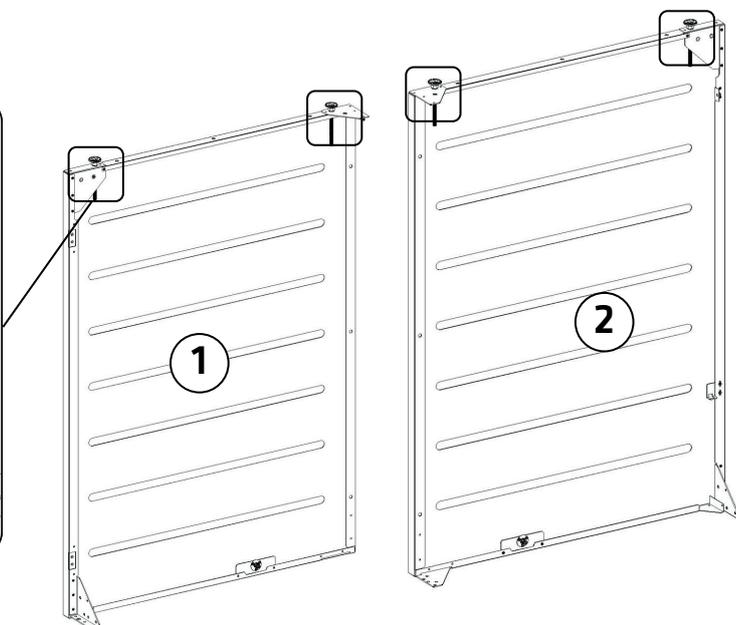

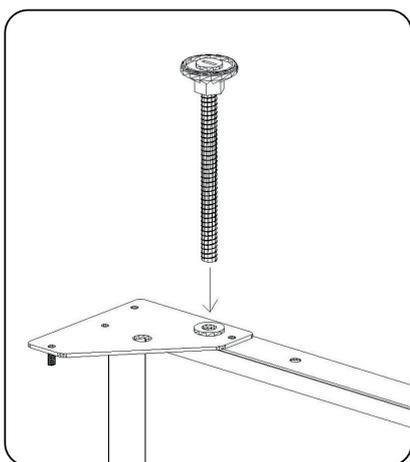

Für das Starterset und das Erweiterungsset werden die gleichen Schrauben und das gleiche Zubehör verwendet. Achten Sie darauf, dass Sie diese für eine einfachere Montage getrennt aufbewahren. / Both the starter set and the extension set use the same set of screws and accessories. Make sure to keep them separated for easier assembly.

## Schritt 1 / Step 1

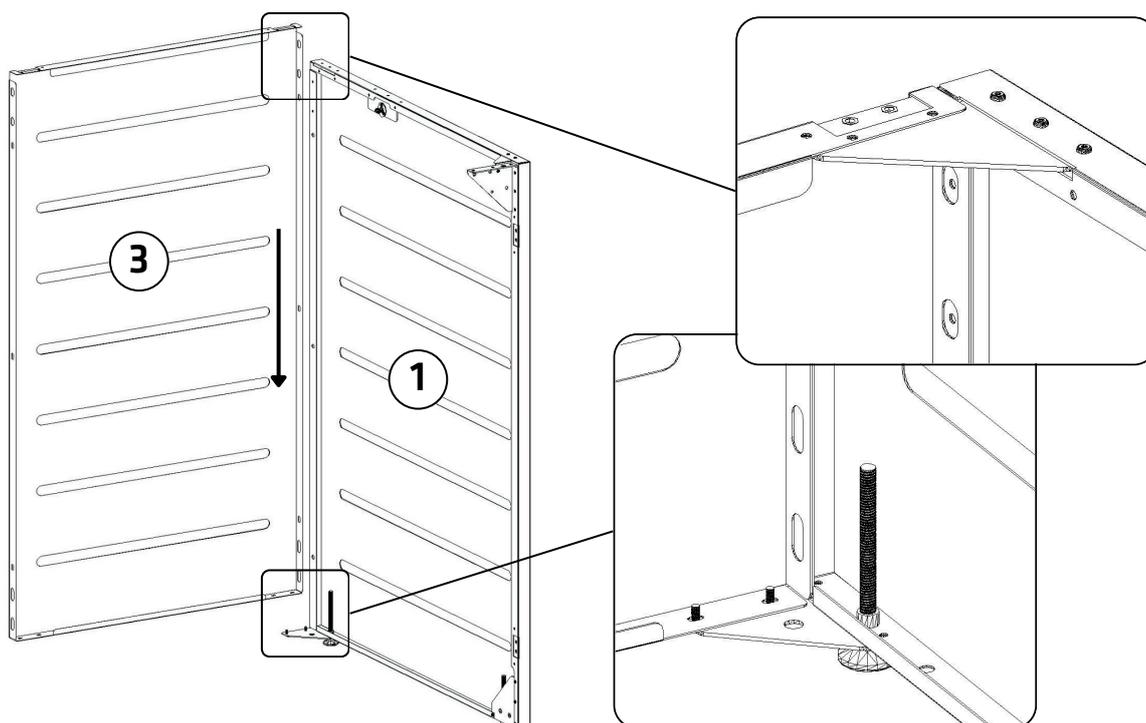

Drehen Sie die rechte (1) und linke (2) Wand auf den Kopf, um die FüÙe anzubringen. / *Turn the right (1) and left (2) wall upside down to attach the feet.*

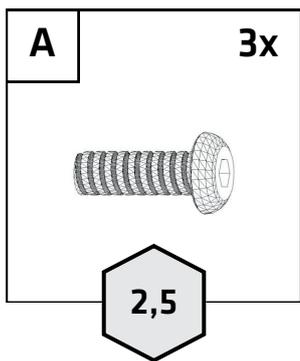

## Schritt 2 / Step 2

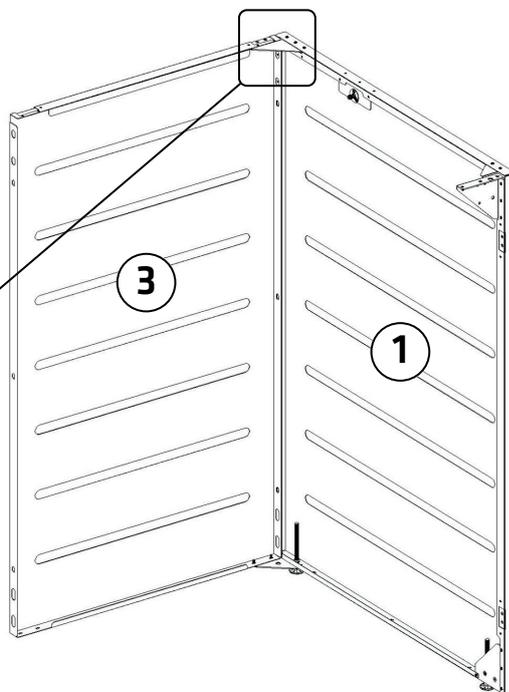

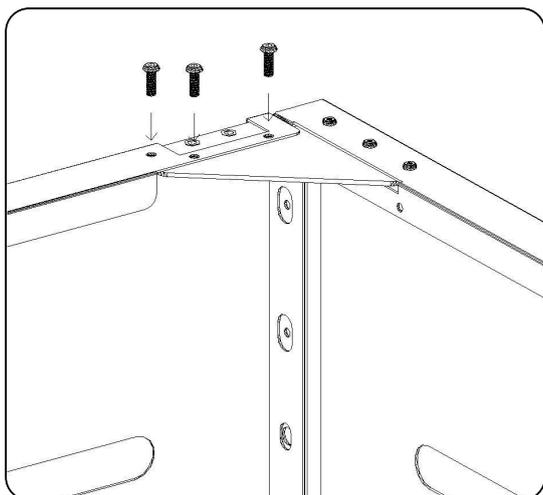

Schieben Sie die Rückwand (3) von oben nach unten in die Schlitzte der rechten Wand (1). / *Slide the back wall (3) into the slots in the right wall (1) from the top down.*

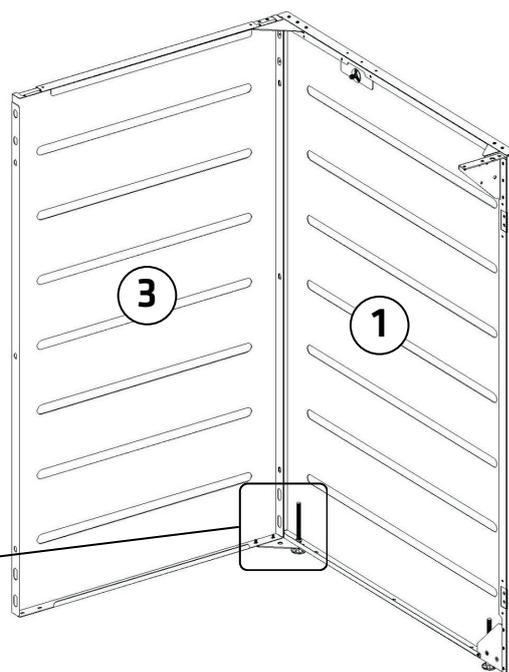

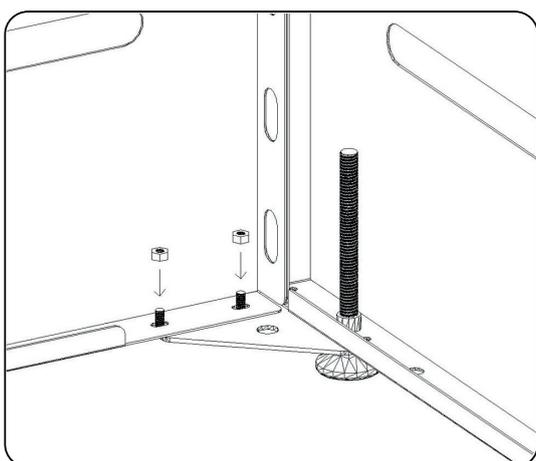

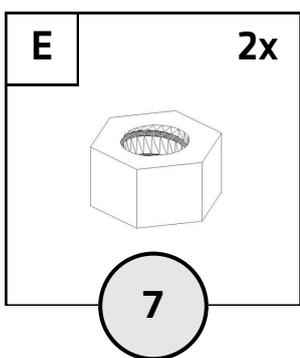

### Schritt 3 / Step 3

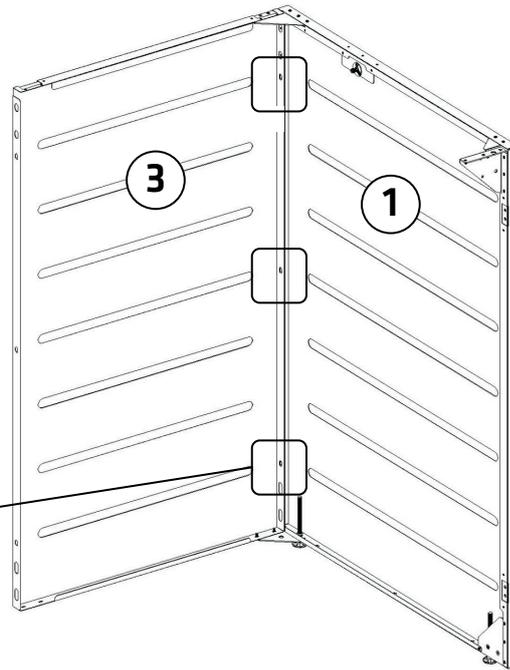

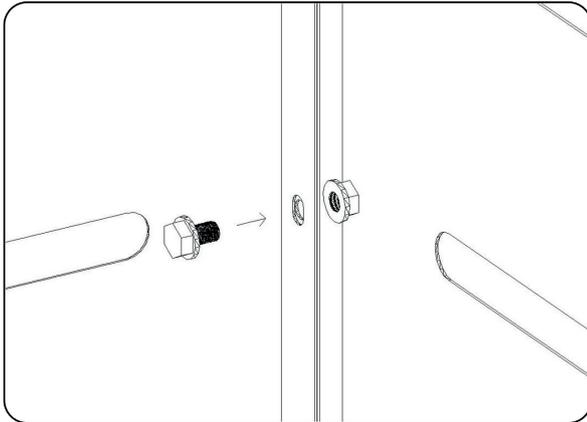

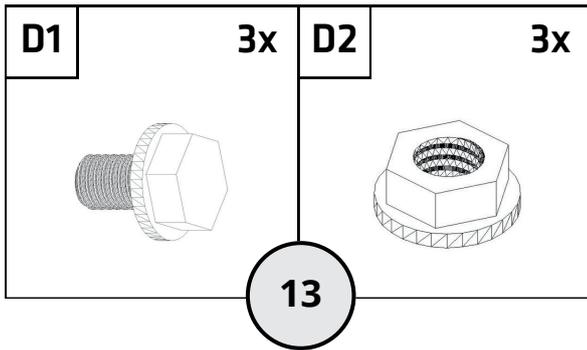

Ziehen Sie die Schrauben in den Schritten 3 bis 5 erst nach Abschluss der Montage fest, um eine bessere Justierung zu ermöglichen. / Do not tighten the screws in steps 3 to 5 until you complete the assembly to allow better adjustment of the box.

### Schritt 4 / Step 4

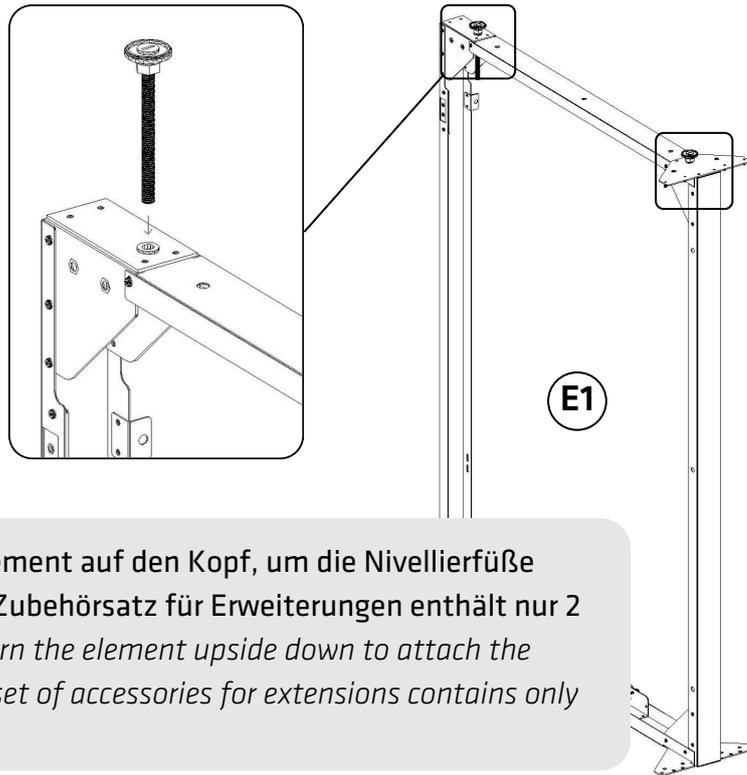

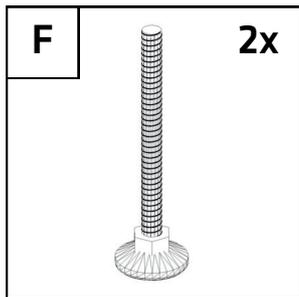

## Schritt 5 / Step 5

Wiederholen Sie Schritte 2 bis 5, um die linke Wand anzubauen, oder fahren Sie mit Schritten 6 bis 10 fort, um ein oder mehrere Erweiterungssets anzubauen. Machen Sie danach mit Schritt 11 weiter. / Repeat steps 2 to 5 to add the left wall, or continue with steps 6 to 10 to add one or more extension sets. Then continue with step 122.

## Schritt 6 / Step 6

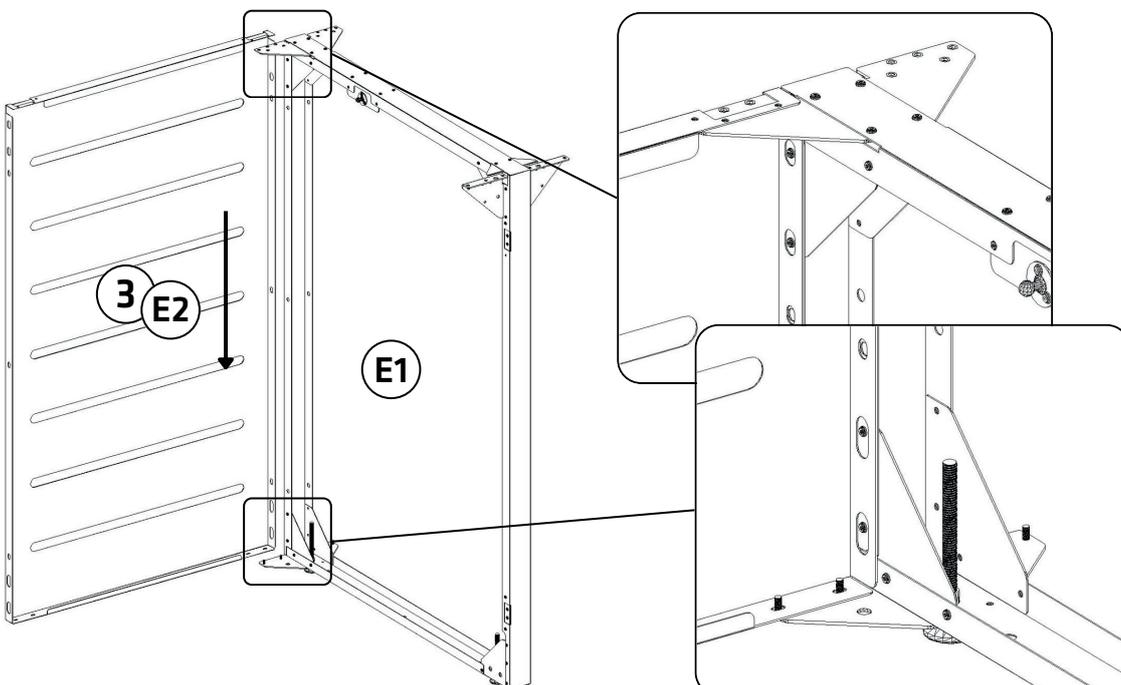

Drehen Sie das Element auf den Kopf, um die Nivellierfüße anzubringen. Der Zubehörsatz für Erweiterungen enthält nur 2 Nivellierfüße. / Turn the element upside down to attach the levelling feet. The set of accessories for extensions contains only 2 adjustable feet.

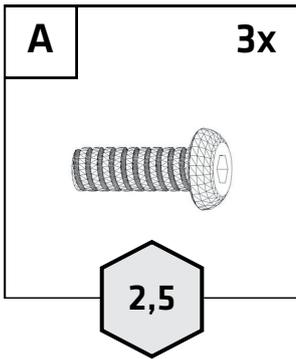

## Schritt 7 / Step 7

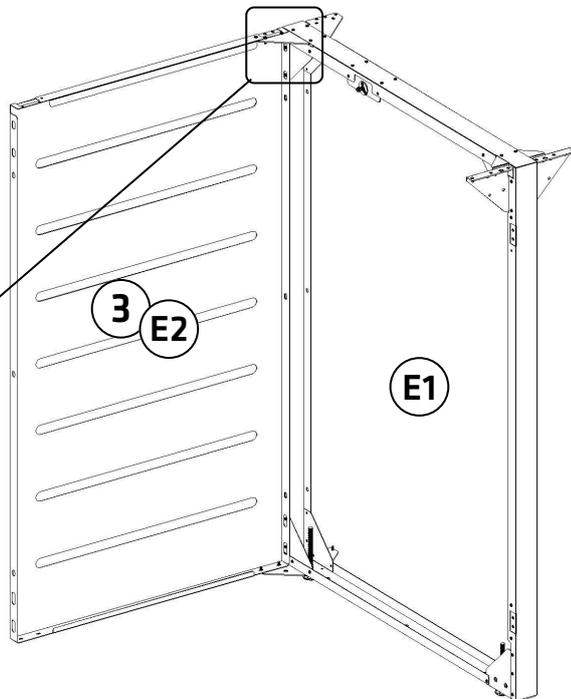

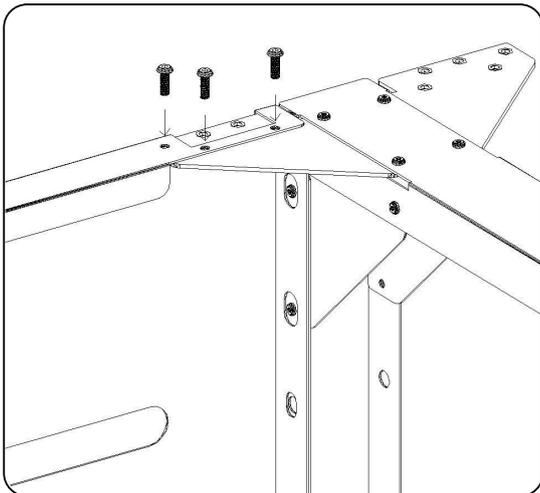

Schieben Sie die Rückwand (3 / E2) von oben nach unten in die Schlitze der Zwischenwand (E1). / Slide the back wall (3 / E2) into the slots in the middle section (E1) from the top down.

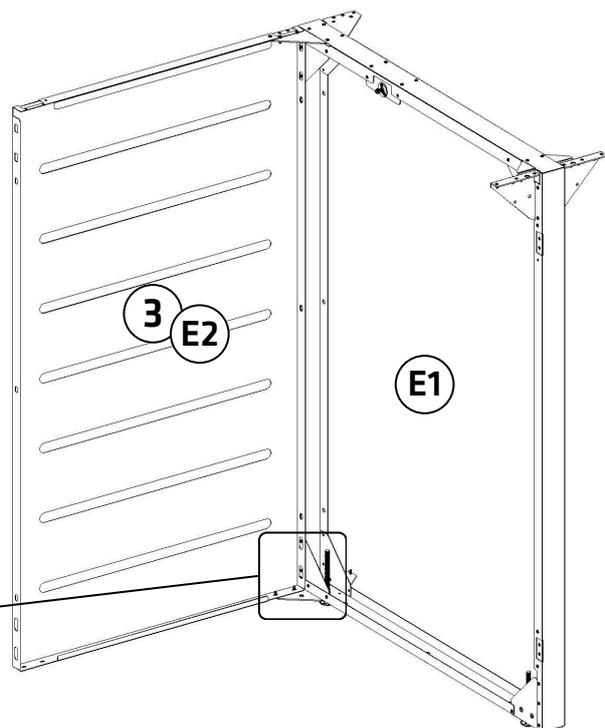

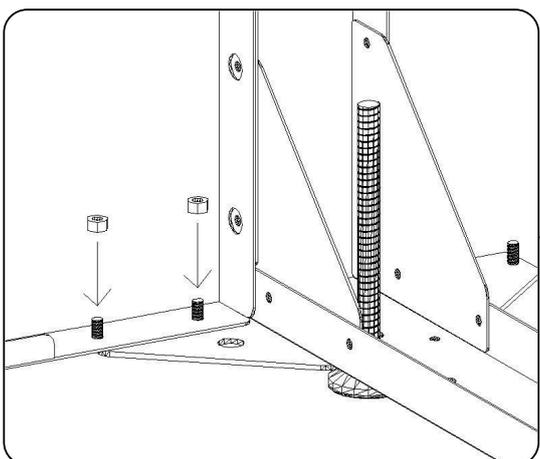

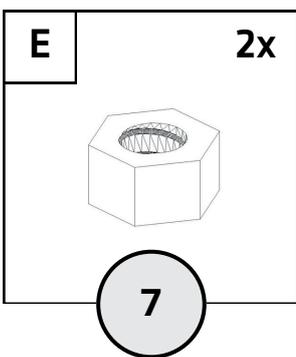

## Schritt 8 / Step 8

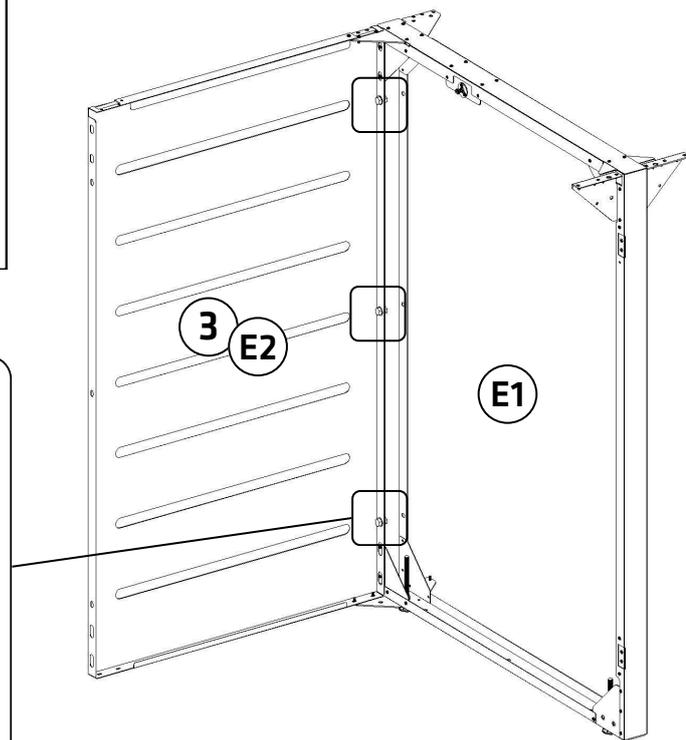

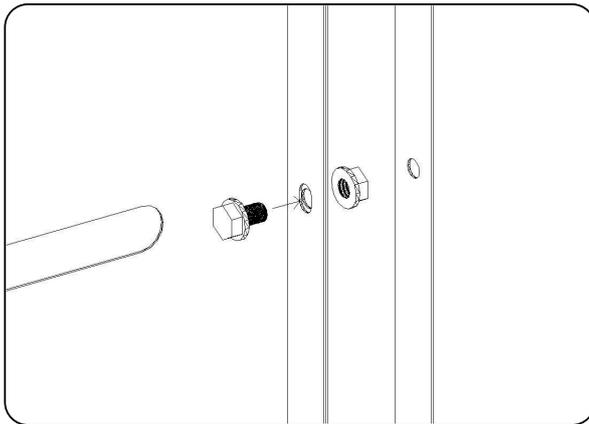

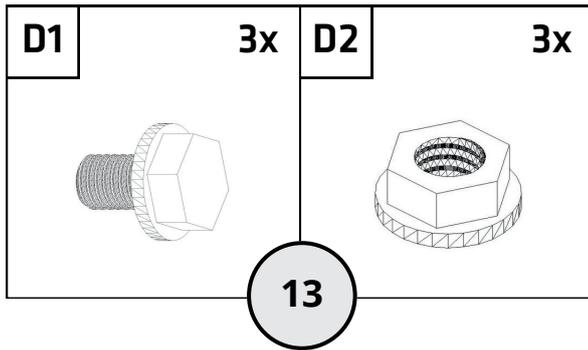

Ziehen Sie die Schrauben in den Schritten 8 bis 10 erst nach Abschluss der Montage fest, um eine bessere Justierung zu ermöglichen. / Do not tighten the screws in steps 8 to 10 until you complete the assembly to allow better adjustment of the box.

## Schritt 9 / Step 9

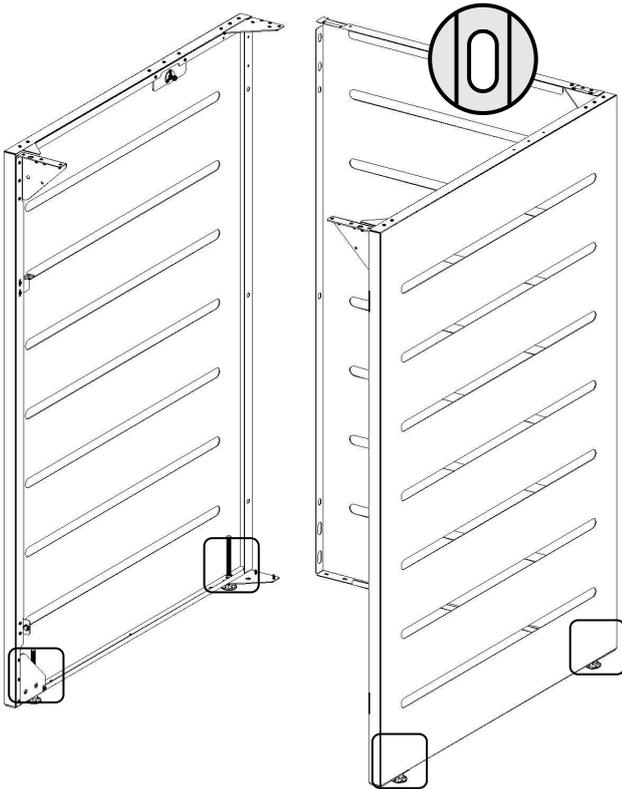

## Schritt 10 / Step 10

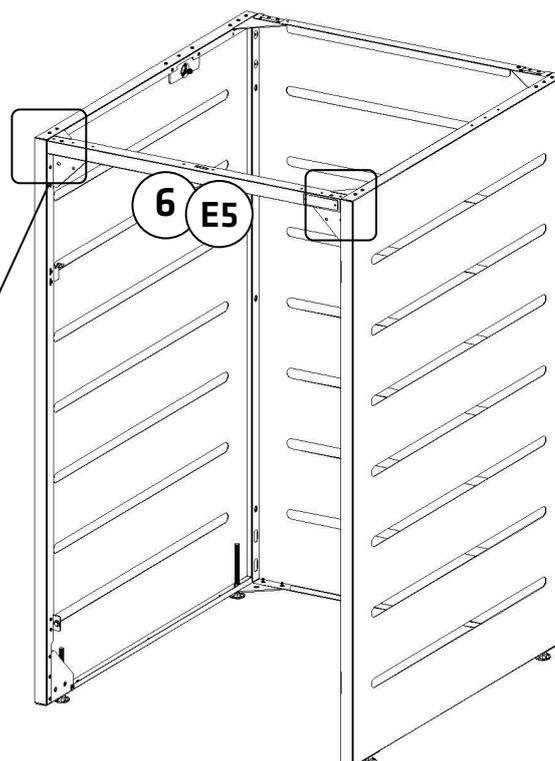

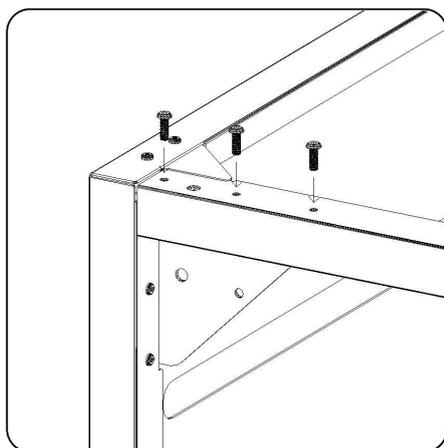

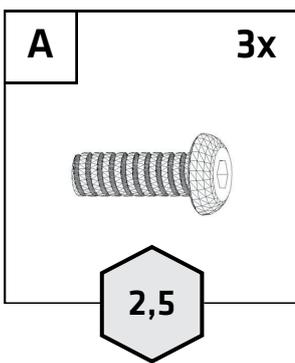

Wiederholen Sie Schritte 6 bis 10 für alle Erweiterungssets und Schritte 2 bis 5, um die linke Wand anzubauen. Fahren Sie dann mit Schritt 11 fort. / Repeat steps 6 to 10 for all of your extension sets and steps 2 to 5 to add the left wall. Then continue with step 11.

## Schritt 11 / Step 11

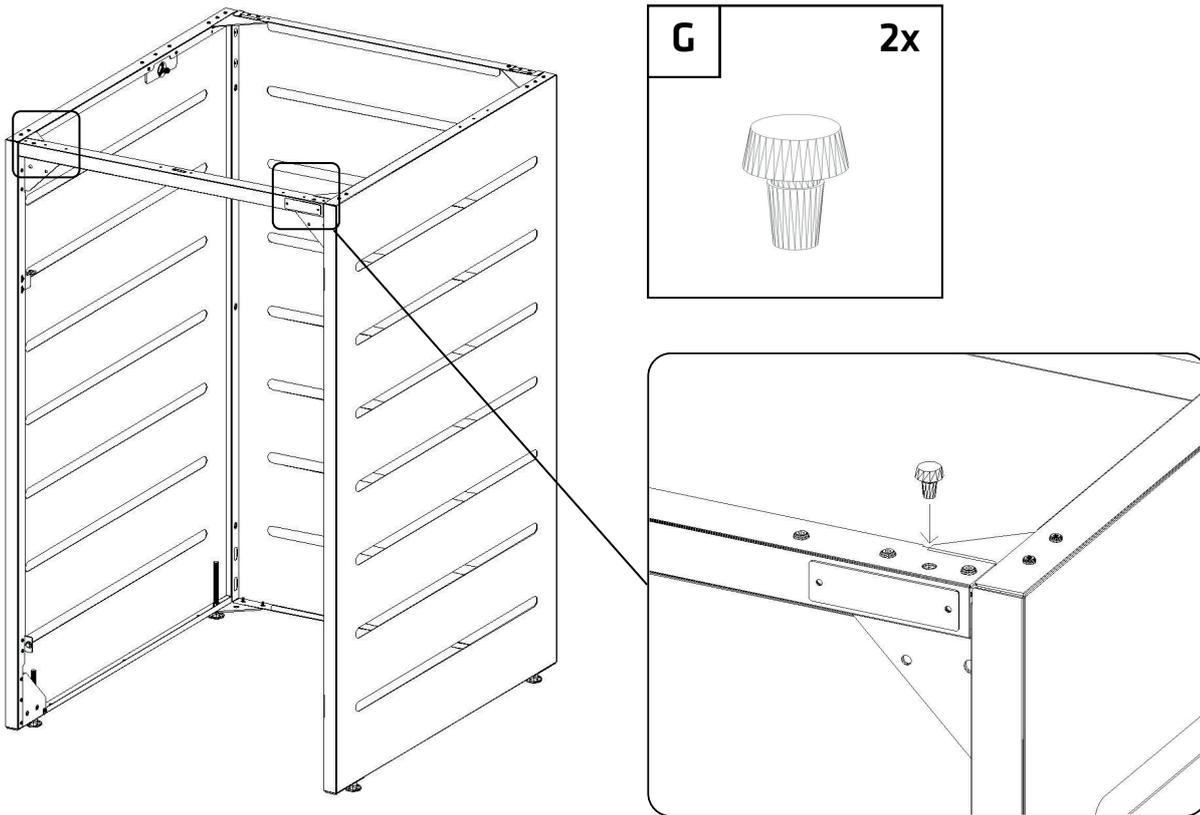

Richten Sie die Mülltonnenbox mit Hilfe der Wasserwaage und der Nivellierfüße aus. Vergewissern Sie sich, dass sie gerade steht, bevor Sie mit der Montage fortfahren. Dann können Sie die Schrauben aus den vorherigen Schritten festziehen. / Adjust the level of the bin box using the level and adjustable feet. Make sure it is straight before continuing the assembly. Then you can tighten the connecting screws from the previous steps.

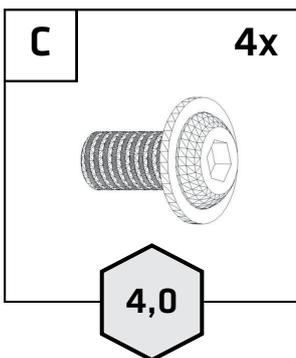

## Schritt 12 / Step 12

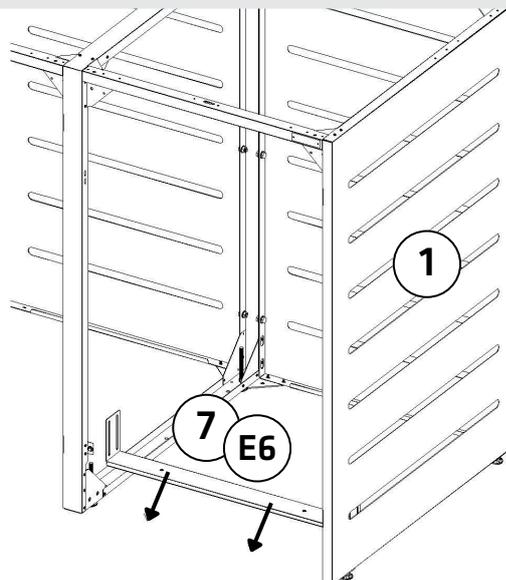

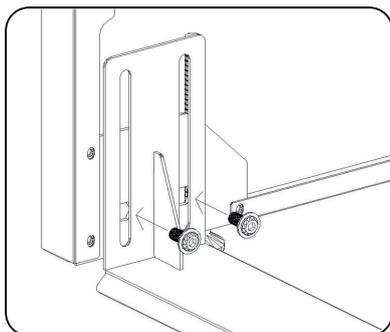

### Schritt 13 / Step 13

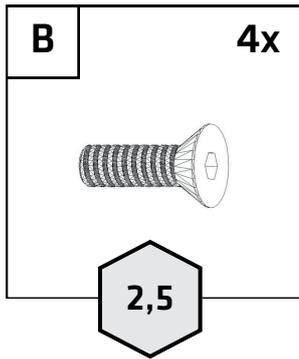

### Schritt 14 / Step 14

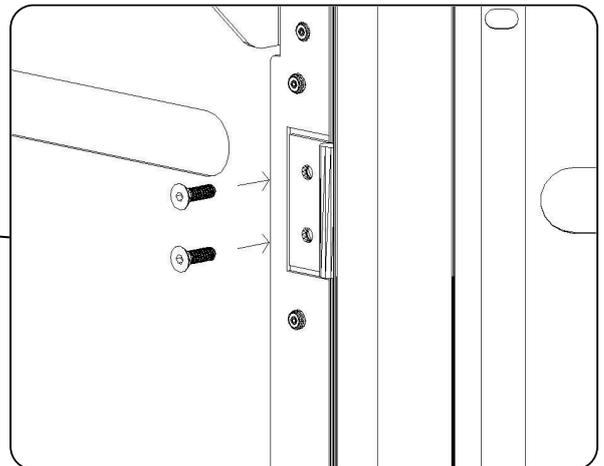

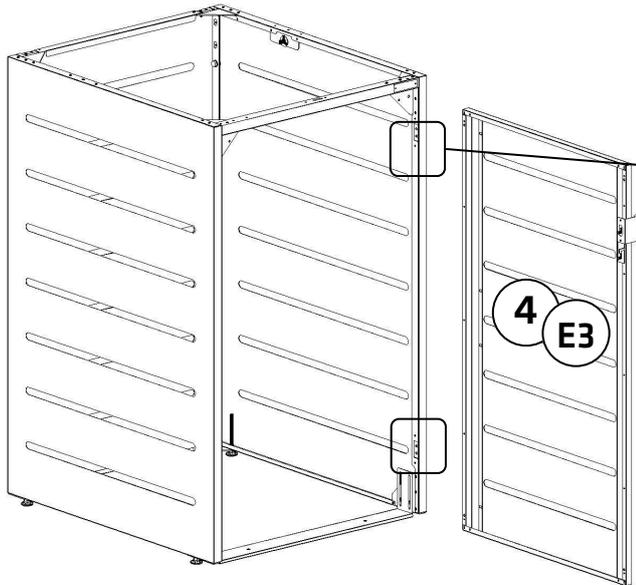

Bringen Sie die untere Leiste (7/E6) so an, dass sie ebenerdig ist. / Attach the lower bar (7/E2) so that it is level with the ground.

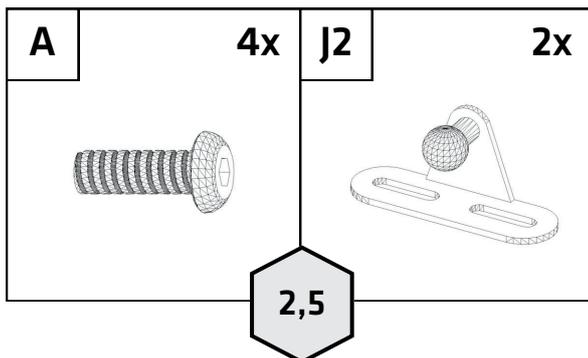

## Schritt 15 / Step 15

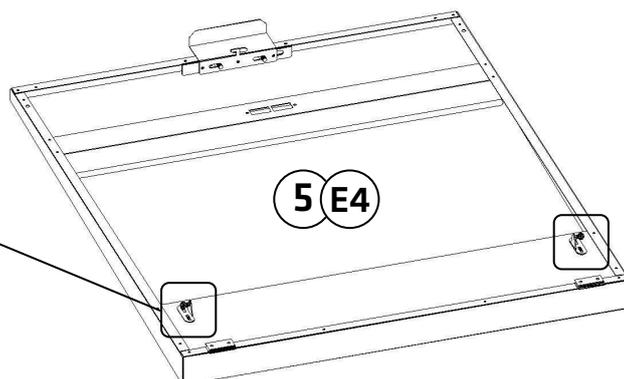

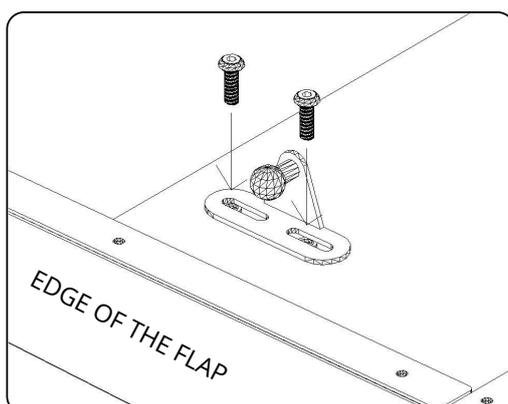

Lassen Sie sich beim Anbringen der Tür von einer anderen Person helfen. Vergewissern Sie sich, dass die Tür gerade ist, bevor Sie die Schrauben festziehen. / Ask another person to help you fit the door. Make sure that the door is straight before tightening the screws.

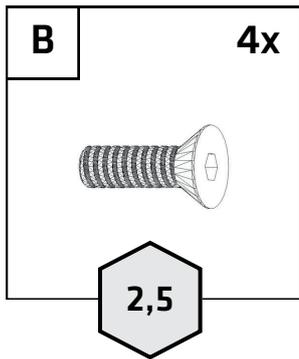

## Schritt 16 / Step 16

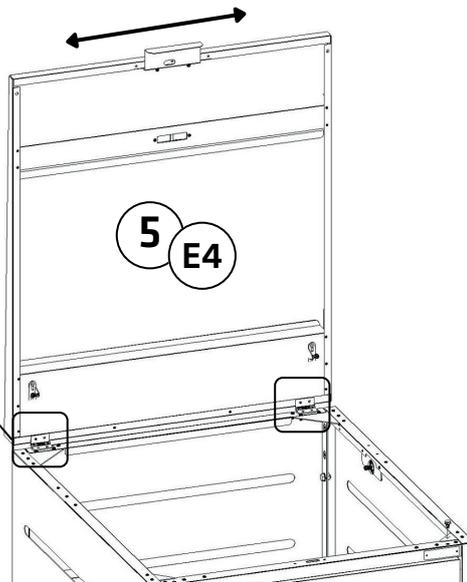

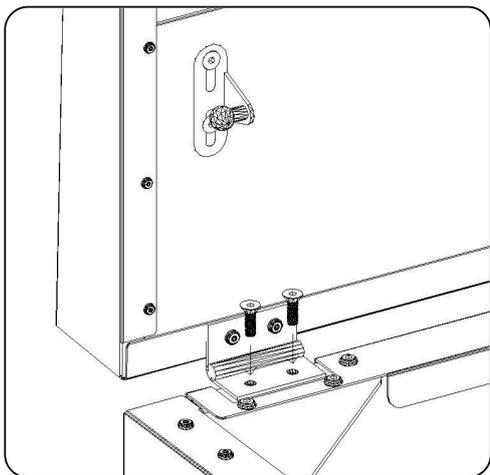

Achten Sie darauf, dass die Halterungen für die Gasdruckfeder (J2) zur Außenkante der Klappe zeigen (siehe Detail). / Make sure that the mounts for the gas spring (J2) are facing the outer edge of the flap (see detail).

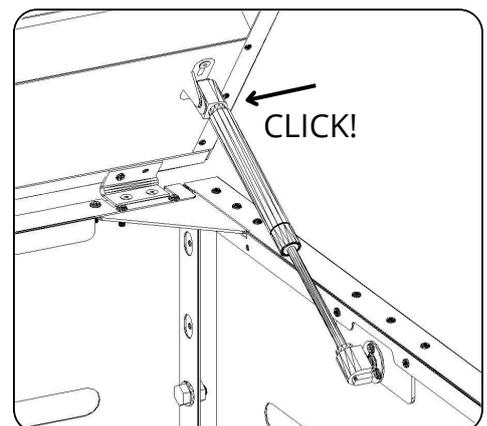

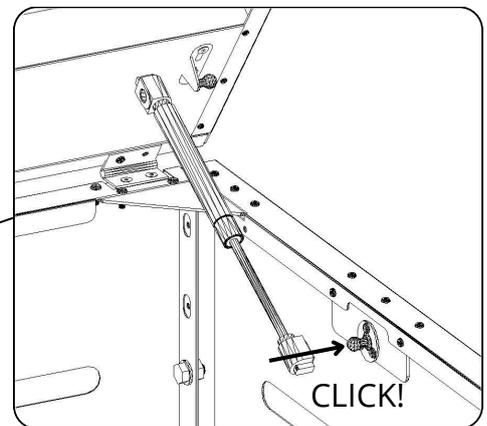

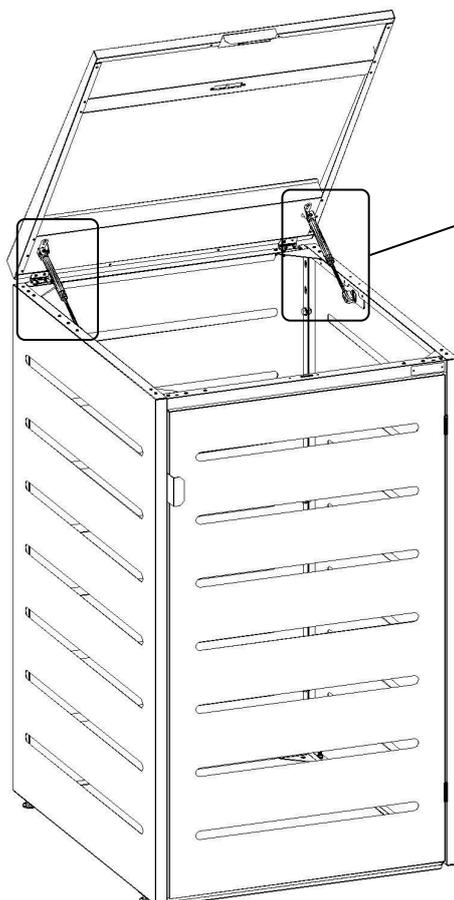

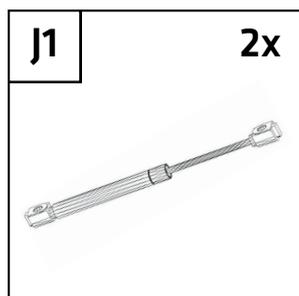

## Schritt 17 / Step 17

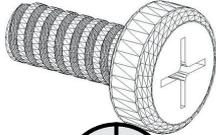

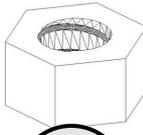

Lassen Sie sich beim Anbringen der Klappe von einer anderen Person helfen. Vergewissern Sie sich, dass die Klappe gerade ist, bevor Sie die Schrauben festziehen. / Ask another person to help you fit the flap. Make sure that the flap is straight before tightening the screws.

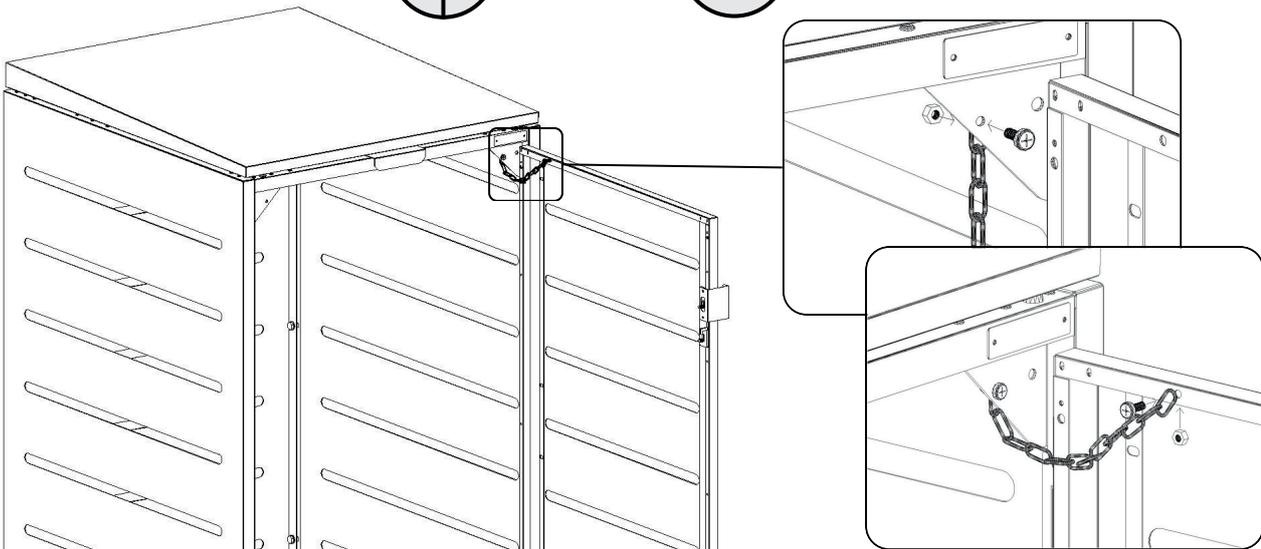

## Schritt 18 / Step 18

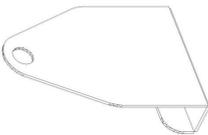

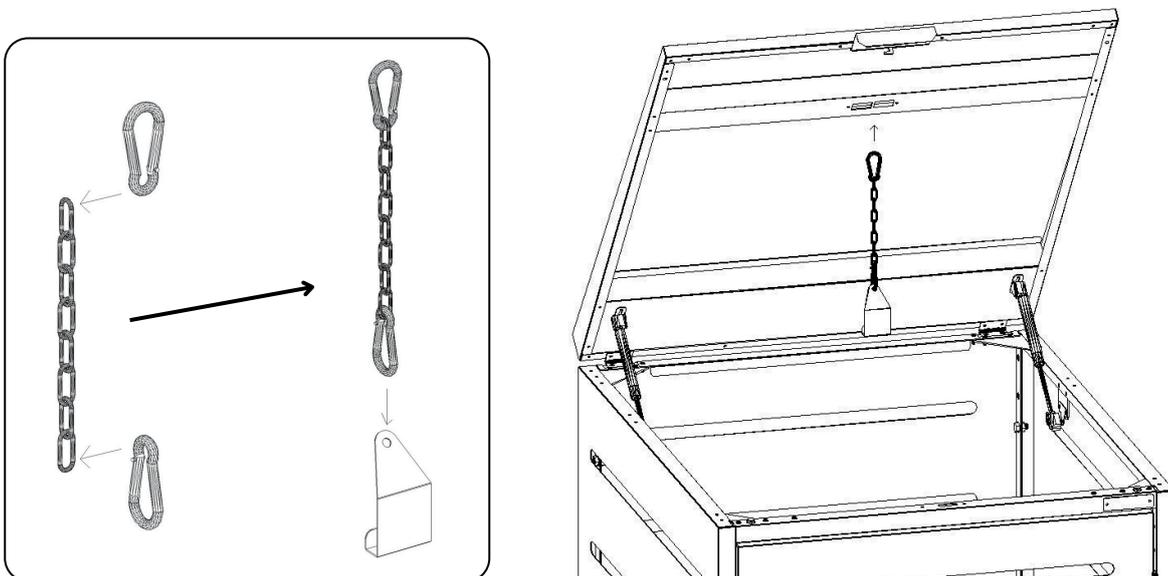

Schritt 19 / Step 19

<b>H1</b>	<b>1x</b>	<b>H2</b>	<b>2x</b>	<b>H3</b>	<b>2x</b>
					
					

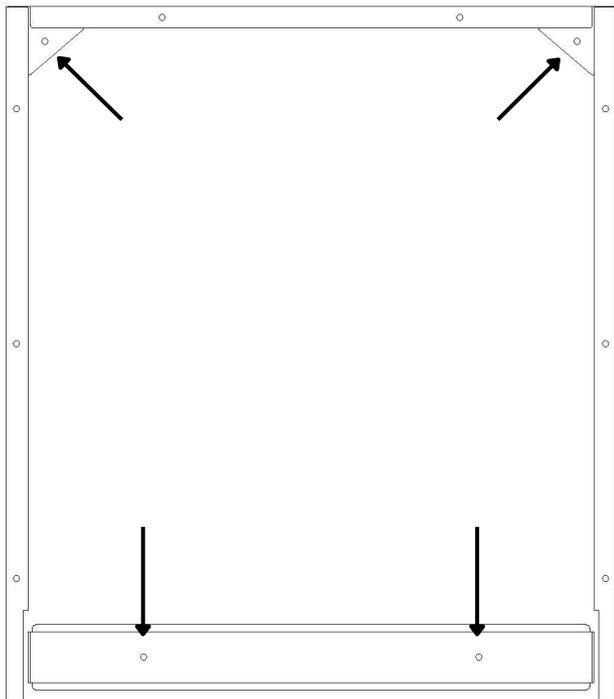

Schritt 20 / Step 20

<b>I2</b>	<b>2x</b>	<b>I3</b>	<b>1x</b>	<b>I1</b>	<b>1x</b>
					

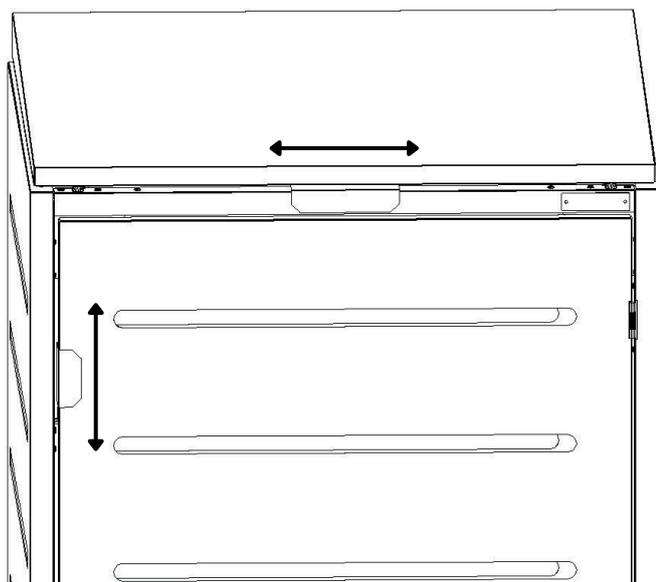

## Bodenverankerung / Floor anchoring

Die Mülltonnenbox muss im Boden verankert werden, um richtig gesichert zu sein! Das Montagematerial für die Bodenverankerung hängt vom Untergrund ab und ist daher nicht im Lieferumfang enthalten. Vergewissern Sie sich, dass die Box eben ist, bevor Sie sie im Boden verankern. / The bin box needs to be anchored in the ground to be properly secured! The installation material needed depends on the surface and is therefore not included in the scope of delivery. Make sure that the box is level before anchoring it to the ground.

## Tür und Klappe öffnen / Opening the door and flap

Um die Tür zu öffnen, ziehen Sie den Griff nach oben. Um die Klappe zu öffnen, schieben Sie den Griff nach rechts. / Pull the handle up to open the door. Slide the handle to the right to open the flap.
